Par P. K. AGRAWAL : SAP MM PURCHASING: TECHNICAL REFERENCE AND LEARNING GUIDE
before purchasing it in order to gage whether or not it would be worth my time, and all praised SAP MM PURCHASING: TECHNICAL REFERENCE AND LEARNING GUIDE:

Commentaires clientsCommentaires clients les plus utiles0 internautes sur 0 ont trouvé ce commentaire utile. Reference guidePar J. RemiPerfect to learn and get a good overview on SAP MM module...Very well organised and easy to access, the book is almost perfect.Definitively recommended0 internautes sur 0 ont trouvé ce commentaire utile. interessantPar jean-françois dehalleuxbon livre de référence, accessible à des non-experts IT et allant cependant dans les détails de paramétrisation. Base SAP MM nécessaire préalablement

Présentation de l'éditeurSAP is a powerful software that can meet the needs of any business and for any type of business in any part of the world. Its all encompassing nature makes SAP complex. To understand SAP well, in this book on SAP MM Purchasing, like in his earlier four books on SAP (HR module), the author gives an indepth analysis of SAP, with its focus on materials management purchasing.Divided into 26 chapters, the book clearly explains both the SAP Menu and the Customizing Implementation Guide. It also indicates the chapter number where these are covered, thereby creating a direct link between the book and the SAP software.This well-organized book can be used to learn SAP from scratch. Being a learning guide, it would be immensely valuable for all those who are training to be SAP Consultant. The book would be especially useful to Business Process Owners and Senior Managers to get an overview of SAP and the important choices it offers.Salient Features
